KELLY SLEATER'S **PRO SURFER**®

INSTRUCTION BOOKLET

ACTIVISION.

WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

THIS PRODUCT HAS BEEN RATED BY THE ENTERTAINMENT SOFTWARE RATING BOARD. FOR INFORMATION ABOUT THE ESRB RATING, OR TO COMMENT ABOUT THE APPROPRIATENESS OF THE RATING, PLEASE CONTACT THE ESRB AT 1-800-771-3772, OR VISIT WWW.ESRB.ORG.

THIS OFFICIAL SEAL IS YOUR ASSURANCE THAT NINTENDO HAS APPROVED THE QUALITY OF THIS PRODUCT. ALWAYS LOOK FOR THIS SEAL WHEN BUYING GAMES AND ACCESSORIES TO ENSURE COMPLETE COMPATIBILITY. LICENSED BY SALE FOR USE ONLY WITH OTHER AUTHORIZED PRODUCTS BEARING THE OFFICIAL NINTENDO SEAL OF QUALITY.

THIS GAME PAK INCLUDES A MULTI-PLAYER MODE WHICH REQUIRES A GAME BOY® ADVANCE GAME LINK® CABLE.

STARTING THE GAME

- Make sure the POWER switch is OFF
- Insert the Kelly Slater's Pro Surfer® Game Pak into the Game Boy® Advance slot as described in your Nintendo Game Boy® Advance instruction manual.
- Turn the POWER switch on

Note: The Kelly Slater's Pro Surfer® Game Pak is for Game Boy® Advance system only.

GAME BOY® ADVANCE CONTROLS

MAIN MENU

- Press **START** to go to the Main Menu from the title screen. Choose which mode you would like to play by scrolling down using the **↑** and **↓** on the Control Pad.
- Select **Mode** by using the **A** Button to choose either PRO or AMATEUR difficulty. Amateur mode makes trick linking easier.
- Select **Championship** and you'll compete against eight other surfers across twelve stages, surfing three heats in each stage.
- Select **Challenge** and participate in a set of challenges across the globe.
- Select **Tutorial** and learn how to pull off tricks.
- Select **High Scores** to view the current high scores.
- Select **Drop In** for instant action. Pick a surfer, pick a beach, pick a board, and then ride!
- Select **Multiplayer** to go Head to Head against a friend and fight for points awarded by the judges or play KOOK and try to humiliate your opponent! (Multiplayer requires two Game Paks and a Game Boy® Advance Game Link® Cable).
- Select **Extras** for game options and credits.

1. **Erase Progress** to erase your progress. (Warning: Once you erase your progress, you can't get it back.)
2. **Clip Book** to view movie clips.
3. **Speech** to turn speech off. Use the A Button to turn On or Off.
4. **Music** to turn music off. Use the A Button to turn On or Off.
5. **Sound FX** to turn Sound FX off. Use the A Button to turn On or Off.
6. **Back** to return to the Main Menu with the A Button.

SURF MODES

Championship

In Championship you play one of the world's best surfers. Compete against eight other surfers across twelve stages, surfing three heats in each stage. Each heat is composed of one two-minute wave, which is scored on a number of factors (variety, tubes, ride length, etc). Scores are tallied on the leader board at the end of each heat. The top three surfers at the end of each stage are awarded "Championship Points."

Challenge

Pick a surfer and participate in a series of challenges across the globe. Challenges are split into three areas: trick challenges, points challenges and special challenges.

Tutorial

Just starting? The Tutorial will guide you through the controls and the tricks, teaching you the difference between the lip and the tube.

Drop In

Instant action. Pick a surfer, a beach, a board, and then ride! This mode is purely for practicing your skills and learning high scoring combos.

Multiplayer

To play a two-player link game of Kelly Slater's Pro Surfer®, you'll need two Game Boy® Advance systems, two copies of the Kelly Slater's Pro Surfer® Game Pak, and a Game Boy® Advance Game Link® Cable.

Select **Multiplayer** to play against your friends using two Game Boy® Advance systems.

After both people select Multiplayer, Player 1 will choose the game mode. Both players can then select their riders and Player 1 will choose the level.

Please see **How to Connect Game Boy® Advance Game Link® Cables** on page 32 for proper connection instructions.

SURF OPTIONS

Select Surfer

Each surfer has his/her own strengths.

Choose the surfer you want by pressing the Control Pad **←** and **→**. You can also read each surfer's stats with the Control Pad **↑** and **↓**. Press the A Button to confirm your choice:

Balance: How easily a surfer can land and balance on the wave.

Speed: How fast a surfer can go.

Turning: How easily a surfer can turn.

Air: How high a surfer can go.

Select a Beach

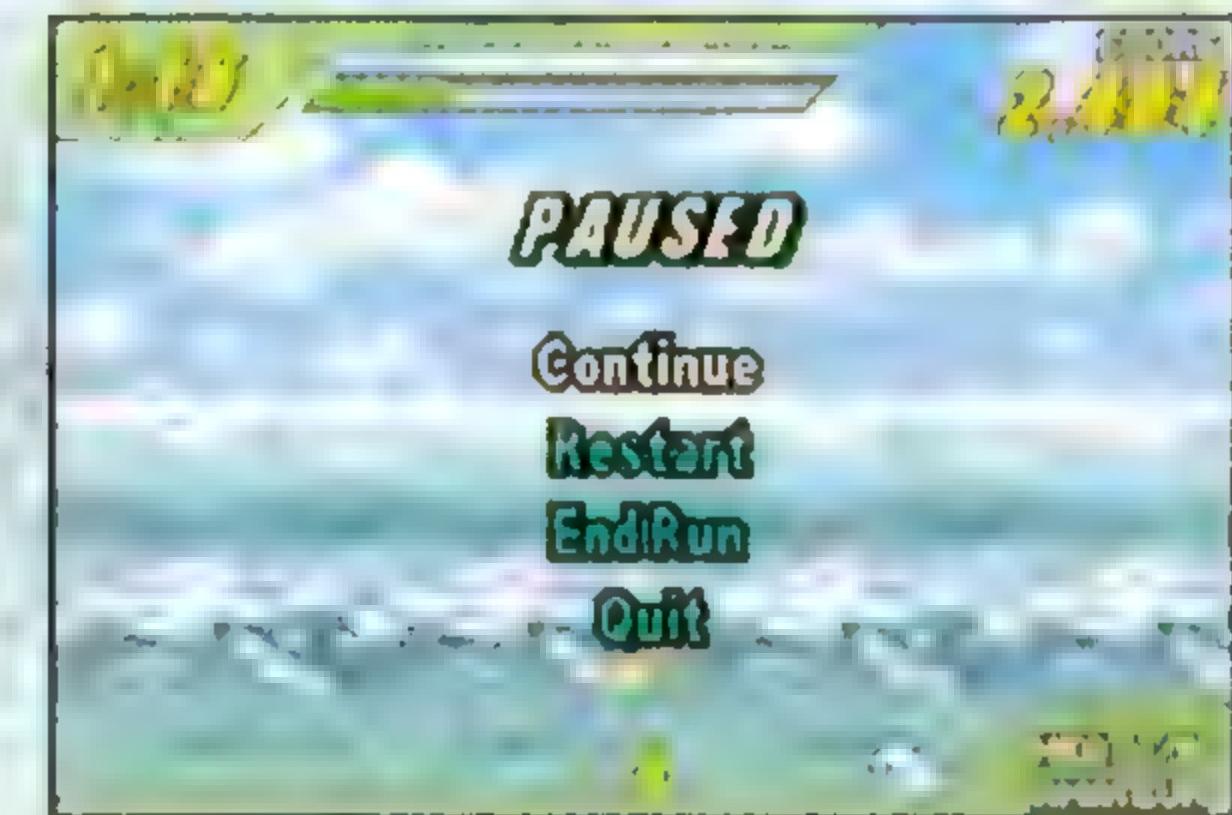

After you have selected your surfer you'll go to the Select a Beach menu. Use the Control Pad **←** and **→** and the A Button to choose a beach available to you.

Some beaches will be locked so you will have to complete objectives in order to unlock them.

PAUSE MENU

- Press **START** while playing to pause the game, this brings up the Pause Menu.
- Select **Continue** to carry on with your run.
- Select **Restart** to restart a beach.
- Select **End Run** to finish the current run and start a new one.
- Select **Quit** to end your game.

IN-GAME DISPLAY

Score: The score earned so far in the run.

Timer: The time left before the run ends.

Combo: Shows the current combo.

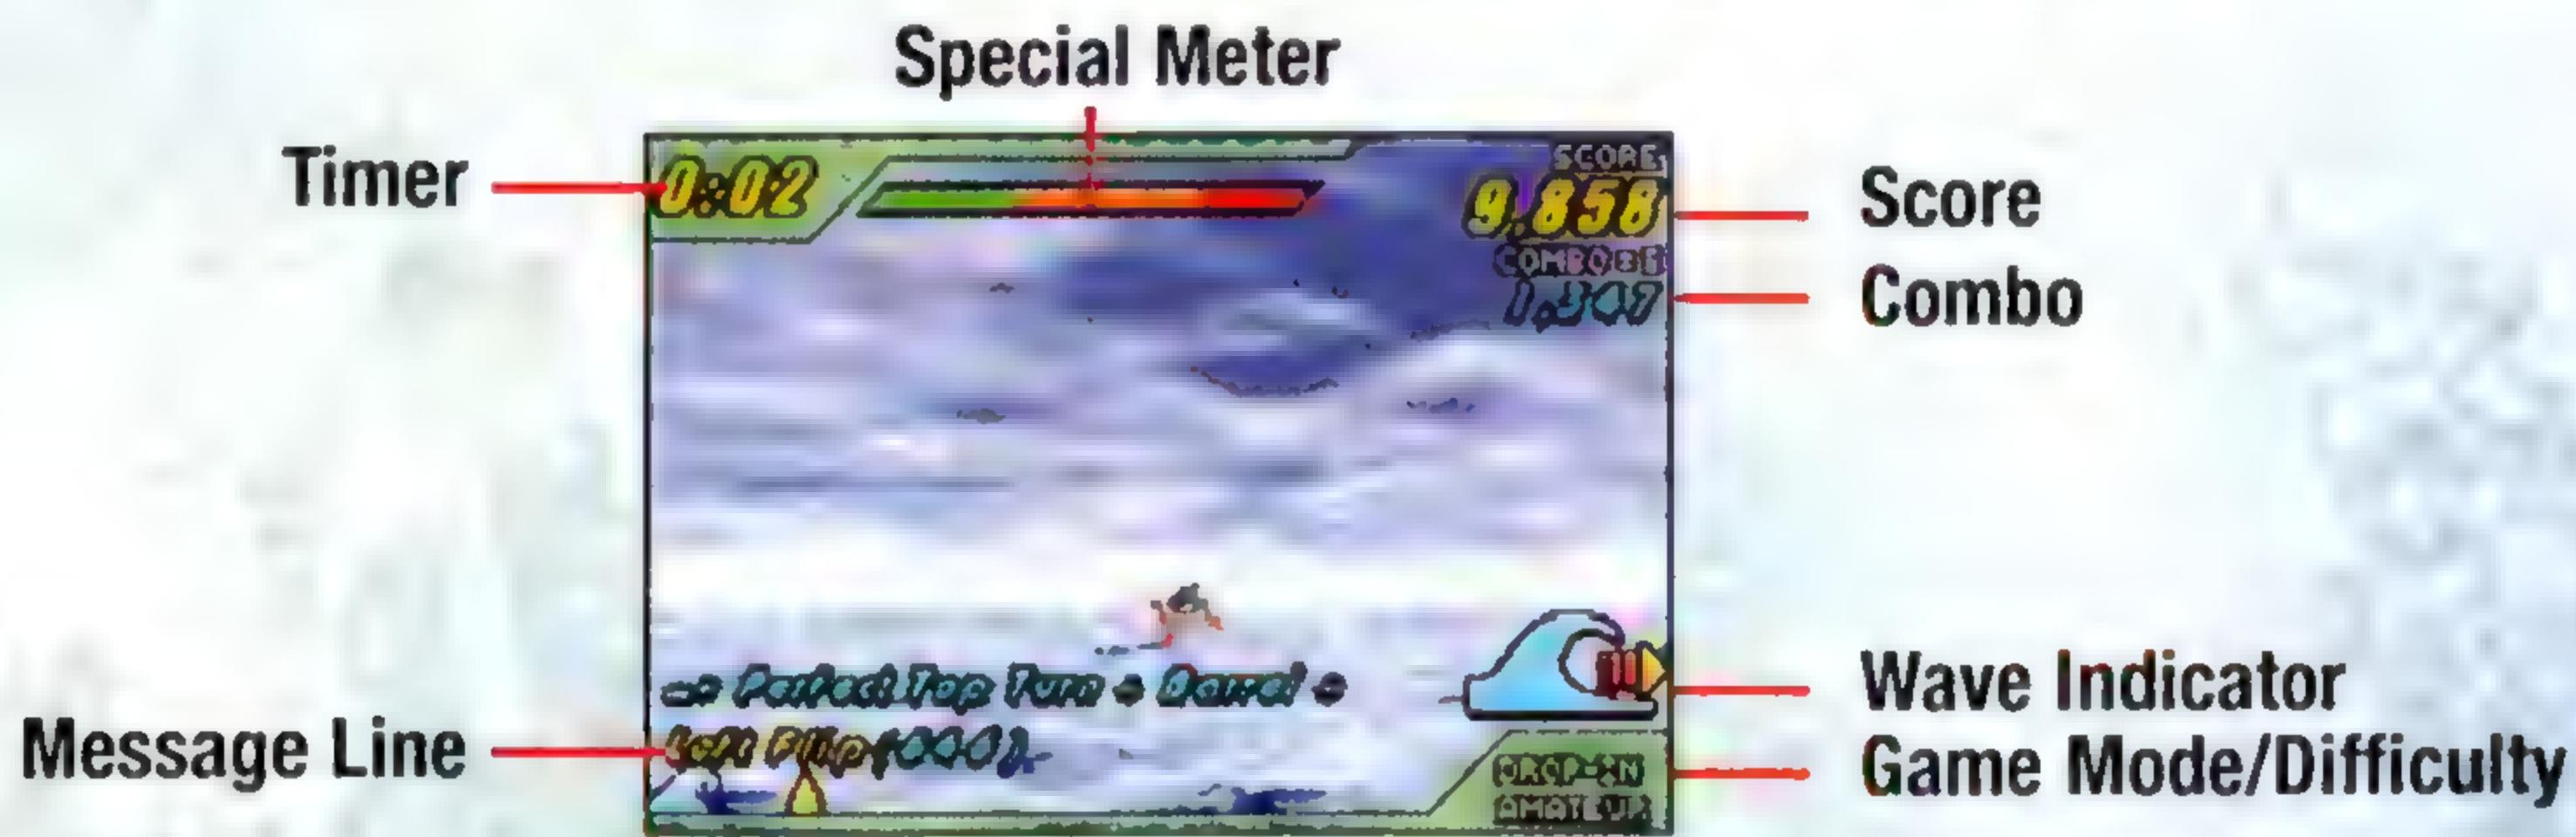

Message Line: Displays the trick combo names as they are pulled off as well as other bits of information.

Special Meter: Fill your Special Meter by safely landing tricks. You can fill up the bar

faster by pulling off better tricks. When the bar turns yellow, you can pull special tricks. The bar will eventually empty over time and empty completely if you crash or bail.

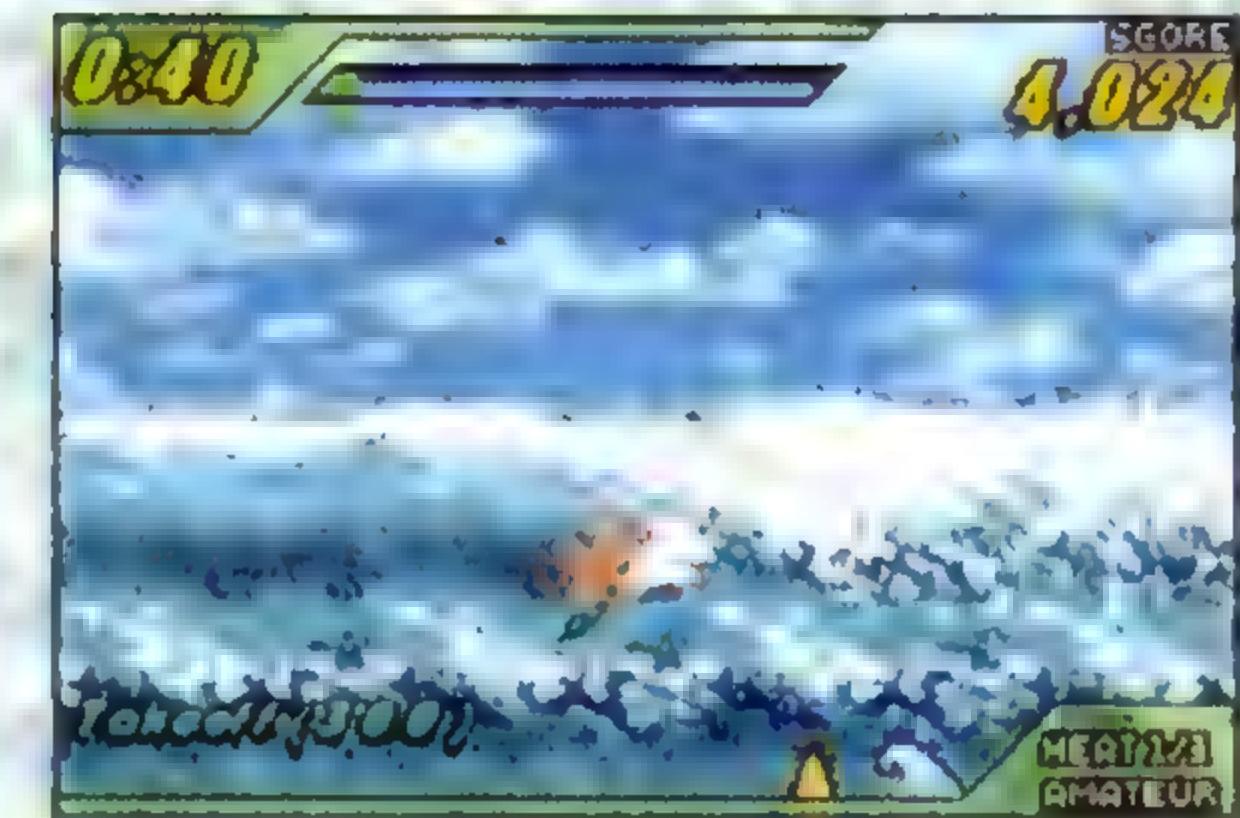

Wave Indicator: This shows the direction the wave is heading.

Game Mode/Difficulty Text: Shows current Difficulty Setting and Game Mode. Set difficulty from the Main Menu.

BASIC CONTROLS

- **Catching the Wave** – Press the A Button to stand up. This will make your surfer stand up on their board and perform a Takeoff. You now are ready to surf.
- **Basic Movement on Face of Wave** – Use the Control Pad to navigate your surfer on the face of the wave.
- **Speed Up** – By holding down the A Button, your surfer will gain speed while on the face of the wave.
- **Jumping** – Pressing and releasing the A Button will make your surfer jump. You may also hold down the A Button to gain speed and release it when you're ready to jump higher.
- **While in Air** – Use the Control Pad **←** and **→** to rotate your surfer in the air. You can also use the L Button or the R Button to rotate.
- **Quick Turns** – To quickly turn your surfer while on the face of the wave, hold down the B Button. This will allow you to perform sharp quick turns on the face of the wave.
- **Fakie** – Surfing Fakie means to ride with the board facing backwards. This can be done by jumping and rotating 180 degrees in the air.

TRICK CONTROLS

Performing Tricks

There are four places on the wave to perform tricks:

Face – The face of the wave is the wave itself—the area where you normally surf. This area begins in the flat portion of the water where it begins to lift up to the lip where it begins to cave over. This will be where you perform all your snaps and carves.

Barrel/Tube – The barrel is the portion of the wave at the rear where it starts to cave over onto itself. This portion makes a sort of tunnel formation known also as the tube. That's where "shooting the tube" comes from.

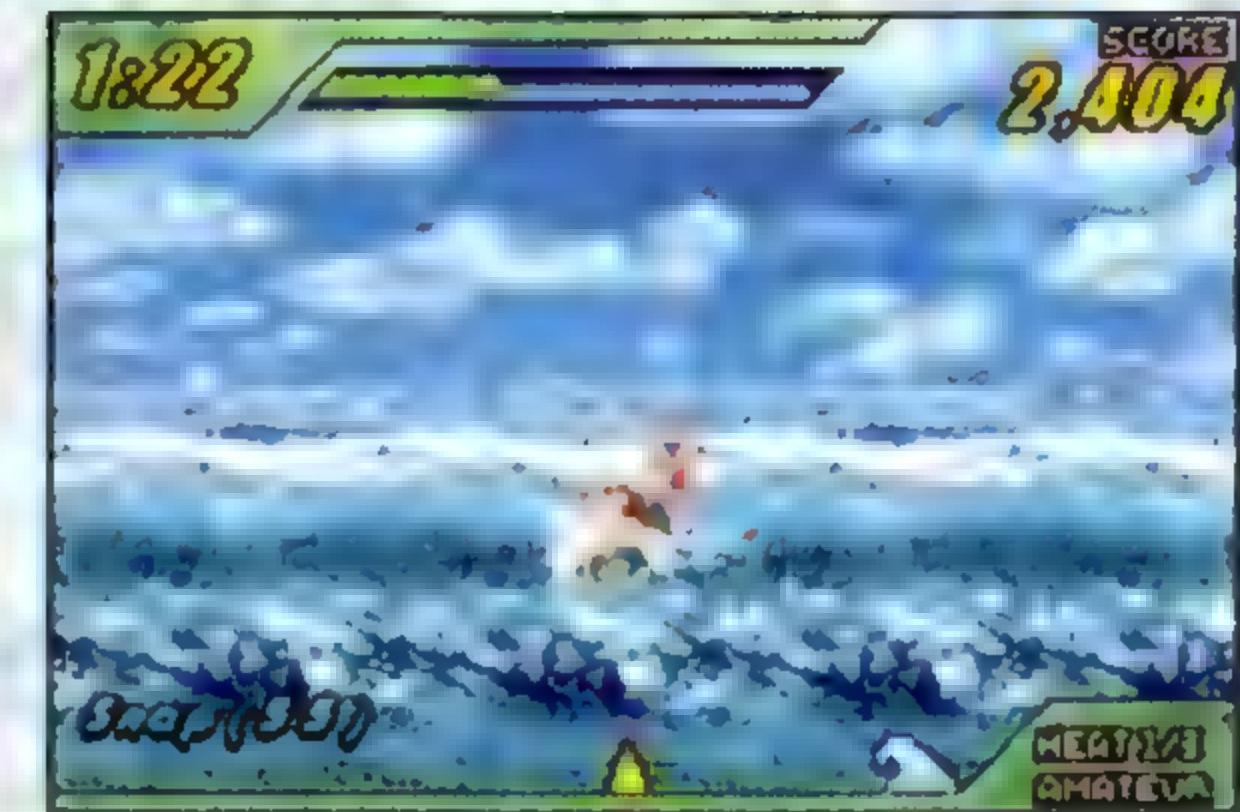

Lip – The lip of the wave is the very top portion of the wave. This is the part of the wave that will soon become the barrel as it begins to cave over.

Above the Wave – This is the air above the wave. You will perform all your aerial tricks here. Be careful when landing to avoid a wipeout.

Face Tricks

- **Carves** – To perform a carve press the Control Pad **←** or **→** while surfing the face of the wave.
Depending on where you are on the wave, you can get different types of carves.
- **Snaps** – To perform a Snap Turn, press the Control Pad **←** or **→** plus the R Button.
- **Slides** – To do a Slide, press the Control Pad **←** or **→** plus the L Button.
- **Chop Hop** – Performing a Chop Hop is as easy as jumping. Press and release the A Button then hold the Control Pad **←** or **→**.

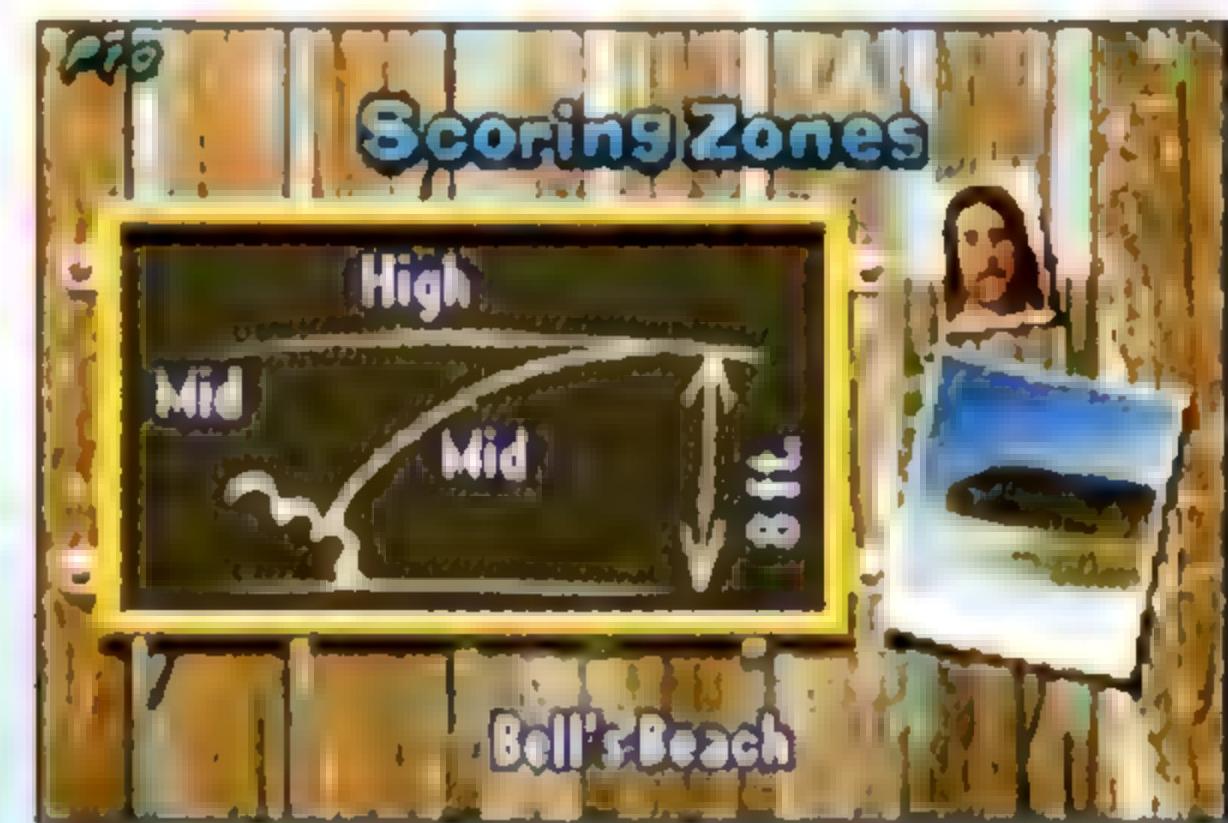

Air Tricks

- **Rotations** – Use the Control Pad **←** or **→** or the L or R Buttons to rotate your surfer in the air.
- **Aerial Flip Tricks** – To perform an air trick, just jump up off the wave and press any of the following directions on the Control Pad: **↑**, **↓**, **→** or **←** with the A Button. This will make your surfer perform a quick air trick. (Example: **←** + A Button for Monkey Man)

- **Aerial Grab Tricks** – Aerial grabs are similar to air tricks. Just jump into the air and press any direction on the Control Pad and the B Button. (Example: ← + B Button for Indy Grab)
- **Floaters** – Face your board up towards the top of the wave and while at the top of the wave, near the break/lip, you can perform a Floater by holding the L Button. This will allow you to slide on the break of the wave.
- **Barrel Surfing** – To shoot the tube is as easy as riding into it. All you have to do is surf into the portion of the wave where the water crests over, creating a tunnel. Be careful, shoot too far into the tube and you will wipe out.

SCORING

Trick scores depend on the difficulty of the trick, and also how often you have performed that trick on the current wave. If you keep performing the same trick, each time it will earn less points. (This does not apply to takeoffs or simple turns).

After you complete each trick, there is a limited window of opportunity to link it to another trick to perform a combo. Combos increase your Special Meter, and keeping your Special Meter high enables you to perform more spectacular tricks and gain much higher scores. If your Special Meter is yellow, all tricks score double—if it's red, they score triple! The additional points are based on the size of the current combo and the score of each trick but are weighted less for high-scoring tricks.

The amount of time you get to link the next trick decreases as the combo gets longer. In Professional Mode, the time limits are shorter than in Amateur Mode.

Tricks are classified by the region on which they are performed.

Takeoff - Getting onto your board.

Face - Snaps, slides and turns that take place on the face of the wave.

Tube - Tricks that take place inside the tube, and just riding inside the barrel.

Floater - Sliding along the lip of the wave.

Air - Rotations, grabs, flips and other aerial moves.

On some waves, tricks from some regions are favored over tricks from other regions. For example on Pipeline, tube tricks are awarded more points than usual.

Combos can be made by tricks within the same region at any time, but in Professional Mode your Special Meter must be in the yellow or red zone in order to link tricks from different regions. In Amateur mode you can link between different regions at any time.

When you land an aerial, this counts as changing your region, so in order to link tricks you perform on separate jumps in Professional Mode, you must be able to link between regions (i.e. have a high Special Meter). Therefore, it's a good idea to perform a series of face or barrel tricks to get your Special Meter high before launching into an aerial spectacular.

Breaking up a series of aerial tricks with a wave face trick allows you to perform longer combos. Performing several aerial tricks in the same jump allows you to perform longer combos.

If you fail to land a trick, or perform a sloppy landing, the combo will end and any tricks accumulated will be added to your score. (For example if you don't release a grab before landing, this will count as a failed trick in Amateur Mode—in Professional Mode you'll wipe out!).

Championship

Championship points are based on the score you amass in each wave region. If you perform tricks in a variety of regions (for example air and tube), then you'll get more championship points for the same raw score obtained exclusively through aerial tricks. You are penalized 0.1 point every time you wipeout. You are penalized up to 3.0 points for retiring early.

Special Meter – The Special Meter is located at the top of the screen. When full, it'll turn green, then yellow and finally red.

Green – When the Special Meter is green, you will only be allowed to do basic tricks.

Yellow – When the Special Meter is yellow, you will be able to perform all basic tricks as well as special tricks.

Red – When the Special Meter is red, you will be able to perform all tricks and link them together for big scores.

Combos – A combo is a group of moves “linked” together to form one large trick. In order to link moves you will first need to get your Special Meter red in order to be able to link them. With the Special Meter red, every move you perform will be linked

together with the next one. Look at the bottom of the screen at your combo string to see this. (example: Kickflip + Snap + Chop Hop)

Hint: Keep performing tricks to keep the Special Meter in the red. Once it has dropped you will not be able to link tricks.

Combo String – The Combo String is the trick text at the bottom of the screen listing every trick you have done for that combo

Multiplier – The Multiplier is based on the color of your Special Meter.

Special Meter Color	Multiplier
---------------------	------------

Green	x1
-------	----

Yellow	x2
--------	----

Red	x3
-----	----

Base Score – Your Base Score is below your Multiplier. This is the score you have been receiving for the trick you performed. Base Score, when in a combo, will be multiplied by the Multiplier to give you one large total score. (**Base Score x Multiplier = Total Score.**)

Hint: Keep doing tricks to get your Multiplier up. Remember also that multiplying a small base score will give you a small Total Score.

SURFERS

Kelly Slater

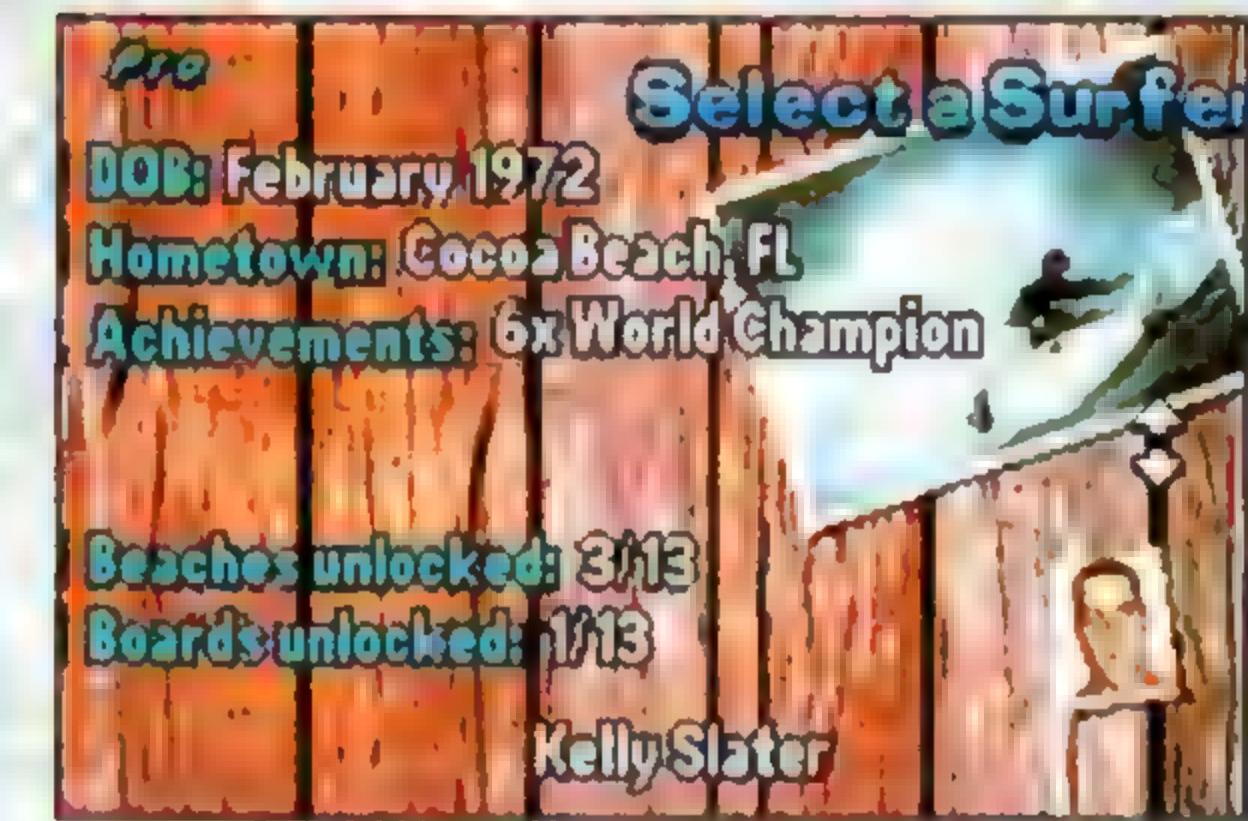

Age: 30

Hometown: Cocoa Beach, FL

Years Pro: 11

Sponsors: Quiksilver, Al Merrick, K-Grip

Never has anyone dominated surfing like Kelly Slater. The six-time World Champion is the hero of surfers worldwide. Even from his early teens, Slater was a natural competitor, claiming six Eastern Surfing Association and four National titles before heading into the big leagues. At the age of twenty, in his first full year on the tour, Kelly became the youngest surfer ever to win the world title, backing up the hype that had been growing around him. His contest record is unrivaled, but it was his incredible freesurfing, as seen in vids like Quiksilver's *Kelly Slater in Black and White*, *Surfers of Fortune* and Taylor Steele's *Momentum* series, that changed the way an entire generation of kids surfed and looked at surfing. Kelly drew sharp, radical lines and he did it with power and style. For the last decade, the rest of the competitive surfing world has been playing catch up. After taking a few years off the pro circuit, Kelly is back on tour and on a quest to break new world records.

Lisa Andersen

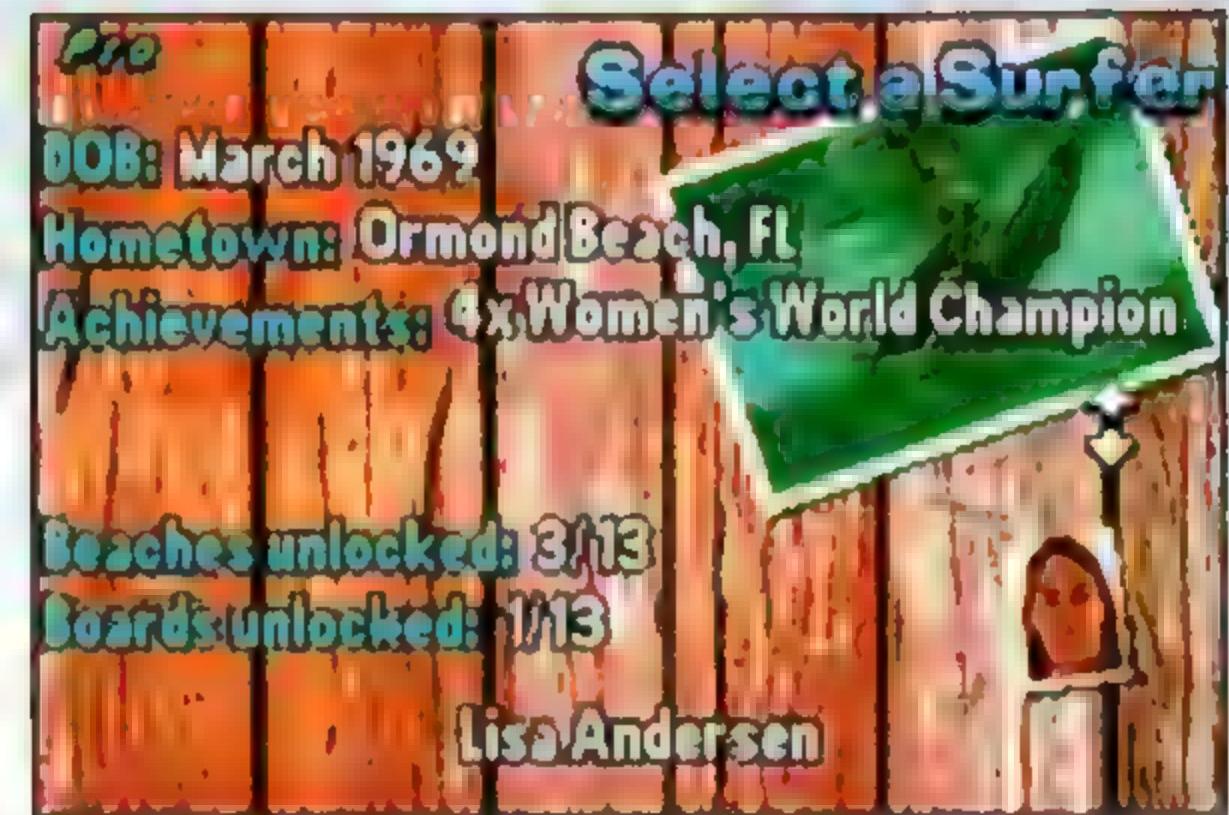

Age: 33

Hometown: Ormond Beach, FL

Years Pro: 15

Sponsors: Roxy, Reef, Al Merrick

"I'm going to become world champion." That's what it said in the note 16 year-old Lisa wrote her parents when she left home in Ormond Beach, Florida to move to Huntington Beach, California. She'd only been surfing for three years and had no idea such a thing existed, but Lisa would live up to her words. The gifted regular-foot rapidly gained exposure and experience racking up over 30 National Scholastic Surfing Association trophies in less than a year and winning the US National Championships at Sebastian Inlet in 1987. From there, she just kept climbing. Four World Titles later, Lisa is still widely considered the most raw-talented female surfer on the planet. Along the way, Lisa became sponsored by Roxy, Quiksilver's women's division. Through this relationship, the world saw a whole new face of women's surfing. With her natural beauty and aggressive surfing, Lisa became the icon of a new generation of women's surfing and to this day is one of the most feared competitors on the women's circuit.

Tom Curren

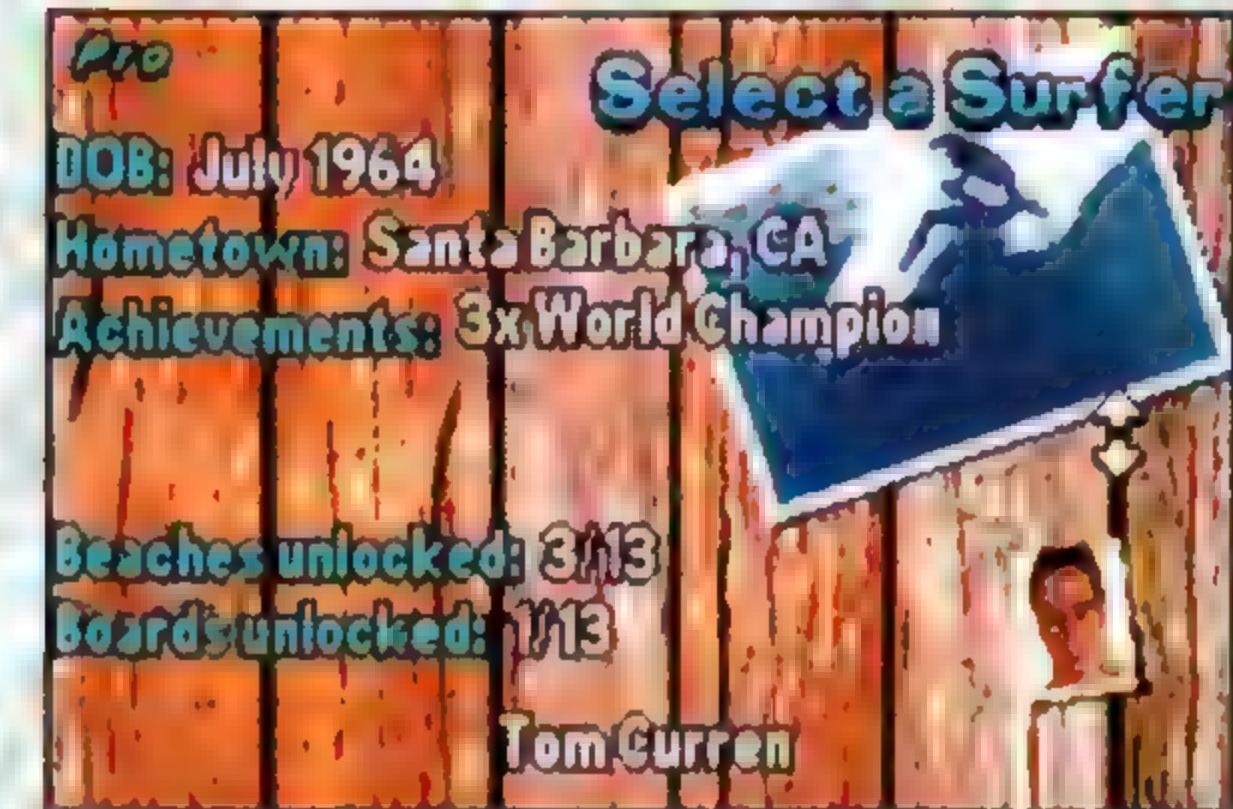

Age: 38

Hometown: Santa Barbara, CA

Years Pro: 16

Sponsors: The Realm, Mormaii, Island Style

In the '70s and early '80s, the Australians owned the world of surfing. But in 1982, a quiet, eighteen-year-old kid from California changed all that with a standout victory down under in Duranbah, Australia. It didn't take long before Tom Curren was the most popular surfer on the planet, a position he'd hold for two decades. A two-time West Coast, United States, and World Amateur Champion, Curren fast-tracked his way into the big leagues with brilliant, unique surfing. In 1985-1986, he won back-to-back World Titles, and gained global respect as a surfer whose talent and wave-mastery went well beyond his years. It was in part thanks to his father, legendary big-wave surfer Pat Curren, who had Tom navigating the Santa Barbara pointbreaks almost as soon as he could walk. By the late '80s, Curren lost interest in competition and took off on a surf quest entitled "The Search." In 1990, he returned to competition and shocked the surfing world by winning his third World Title. Through the '90s, Tom remained the most low-profile top surfer in the world, with insane photos from remote mystic breaks trickling in every now and then. He currently holds the records for most career tournament victories (33), most victories in one season (7), and most consecutive years with at least one ASP victory (10).

Tom Carroll

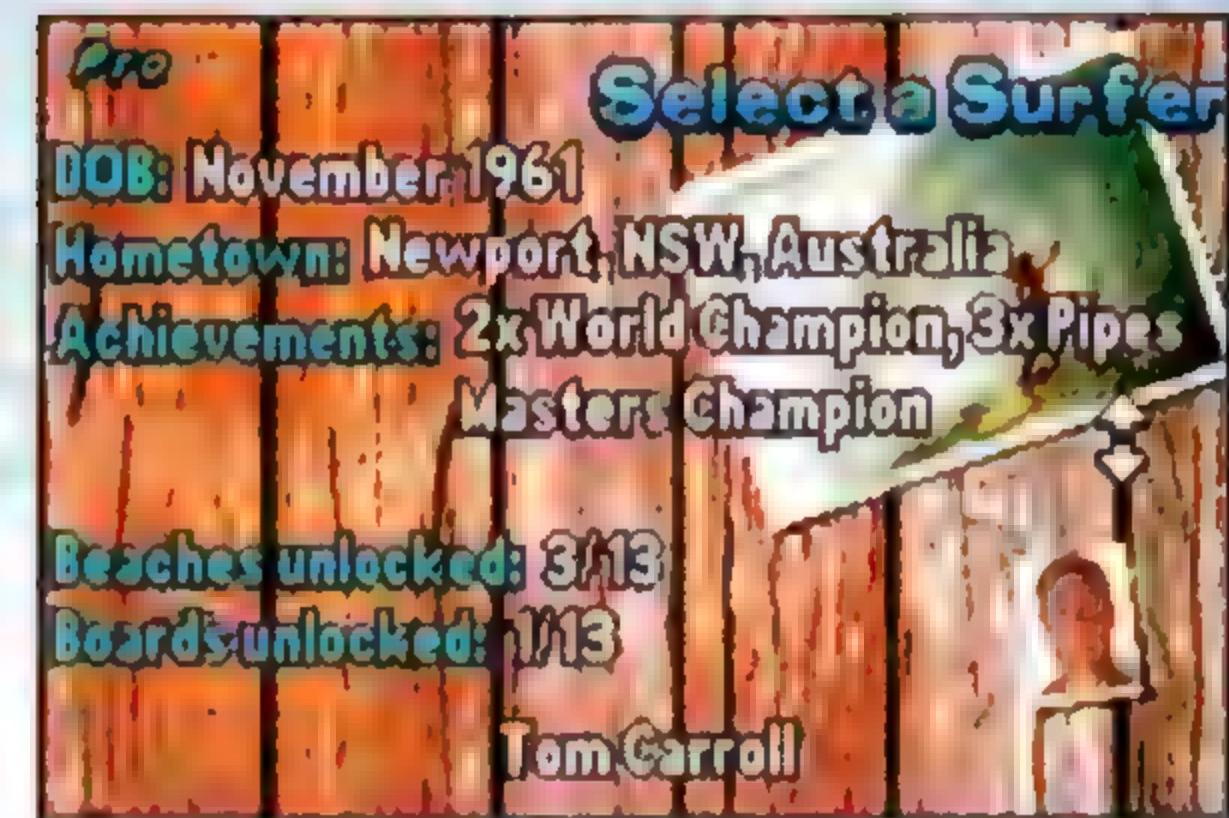

Age: 40

Hometown: Newport, NSW Australia

Years Pro: 20

Sponsors: Quiksilver, Byrne

Sydney, Australia's Tom Carroll has been a giant contributor to all that is professional surfing. He jumped on tour in 1979, an aggro, nuggety goofy-foot with a penchant for deep tube riding and hard, full rail slashes. He won back-to-back World Titles in '83 and '84, both under the influence of brutal training regimens. In '85 he took a political stance and boycotted the WCT contest in South Africa, in effect sacrificing the opportunity to win a third consecutive title. In '88 he signed surfing's first million dollar contract and proceeded to take the sport to places it had never been before, for example, a wave pool event in Pennsylvania that he won. The tail end of Tom's career was highlighted by bar-raising performances at Pipeline, Hawaii (he won in '91). Today, Tom's a husband, a father of two, and as hardcore a surfer you'll find anywhere, spending a good part of his year exploring uncharted wave destinations and pulling into the biggest barrels he can find.

Kalani Robb

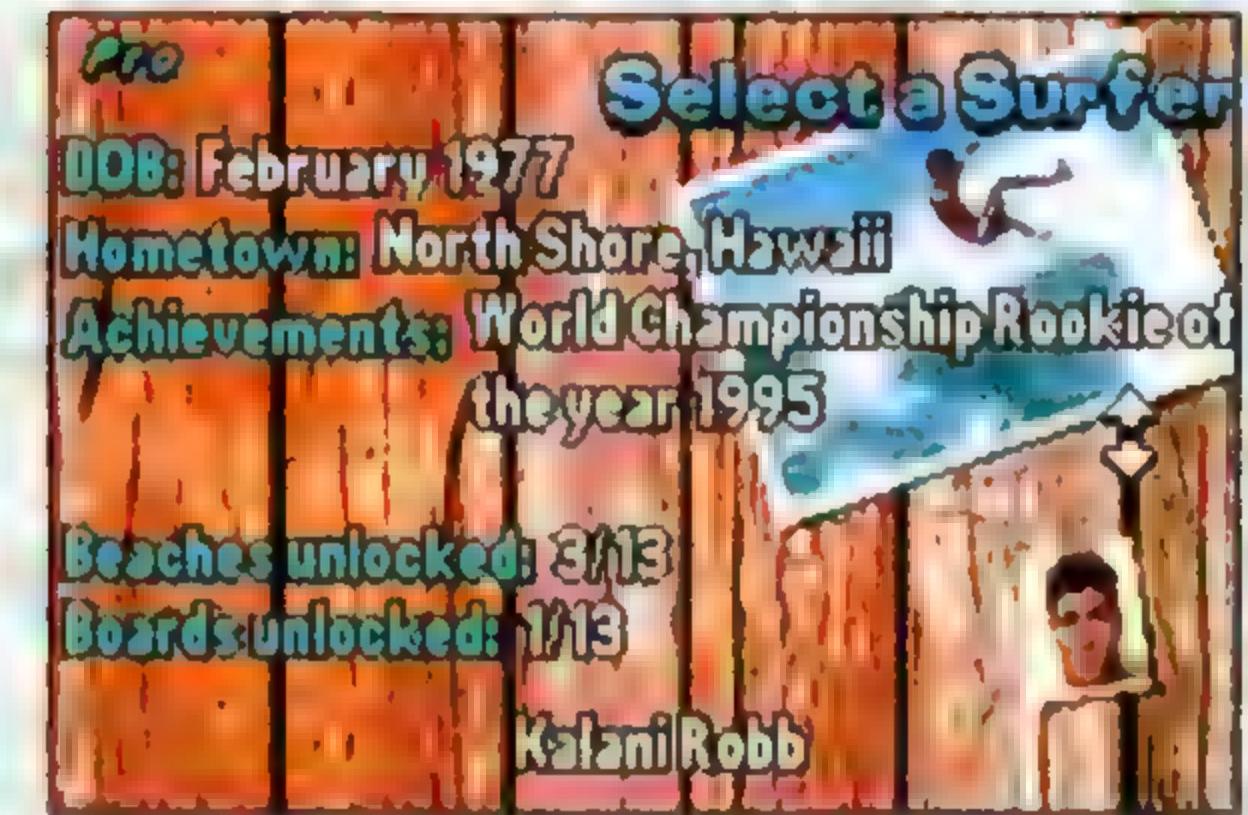

Age: 24

Hometown: North Shore, Hawaii

Years Pro: 7

Sponsors: Fox, Airtight, Gravis, Local Motion, Oakley

Spawned from the fertile waters of Oahu, Hawaii's North Shore, Kalani Robb is a fiery, energetic, lightning-quick goofy-foot capable of winning any event he enters. His best year to date was '96 where he finished seventh in the world and his maiden World Championship Tour victory came just this last season in Rio de Janeiro, a win which had most Kalani-initiates saying, "It's about time!" Kalani comes from a highly supportive family; his mother and father stood by him the entire time as he rose up the amateur ranks. He turned pro in '93 and has a reputation that tends to exceed his contest results. The reason for this? Kalani's style is wildly expressive. He tends to be a gambler when it comes to contests, someone who's willing to risk going for the big 10-point moves that either bring the beach to its feet or leave Kalani in the lurch. Known amongst his friends as a witty, one-liner kind of funnyman, Kalani's brightest day has yet to come.

Rob Machado

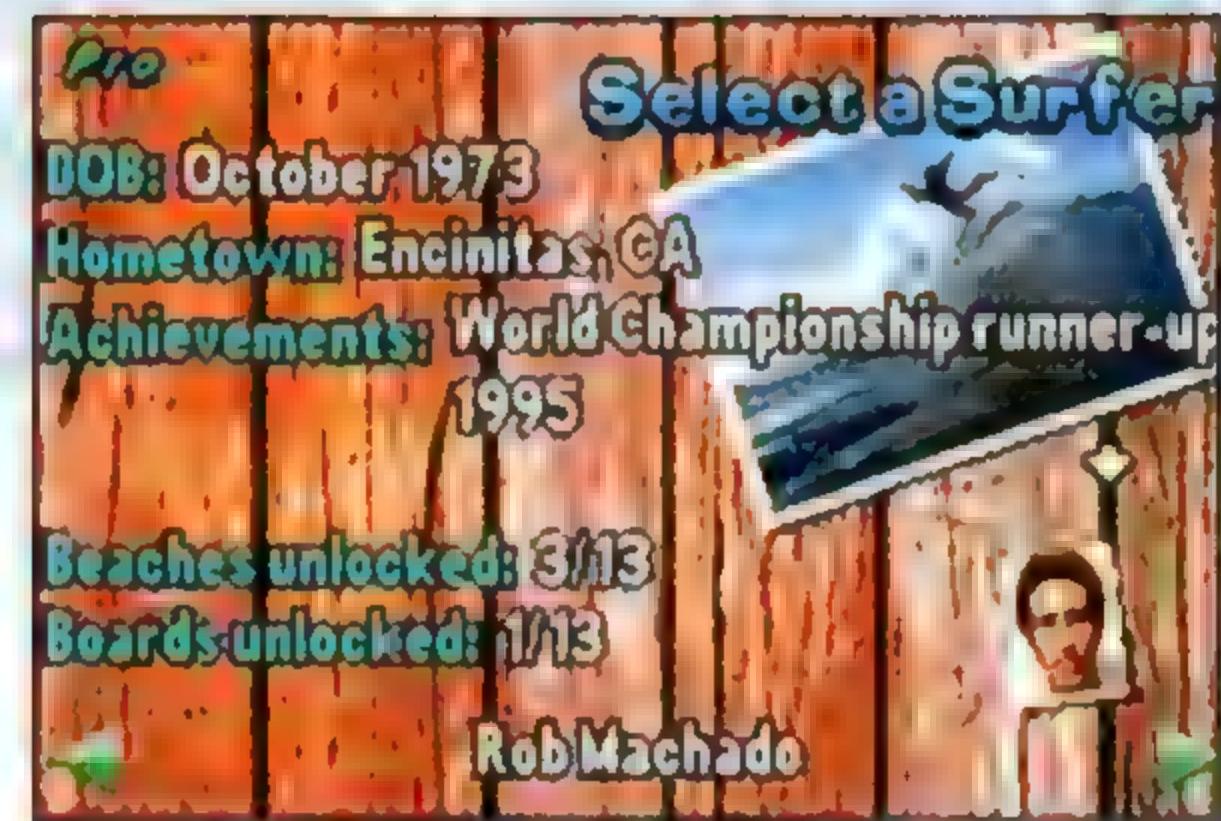

Age: 28

Hometown: Encinitas, CA

Years Pro: 9

Sponsors: Reef, Al Merrick, Dragon, Spoon, Gotcha, On A Mission

The smooth, flowing, seemingly effortless style of Rob "Mob" Machado is mirrored in his quiet, Zen-like approach to life. The masterful 28 year-old goofy-foot, raised in Southern California, has been a permanent fixture in the World Championship Tour's (WCT) top ranks for eight years now. He's finished in the top 16 every one of those years, however, the year 2000 is when Rob completely lit up the tour. Whether he was getting spit out of gaping Tahitian tubes or ripping apart the French sandbars on the European leg, Rob was the man to beat in 2000. He finished the year with a remarkable 3 WCT victories, the last of which was in the most prestigious of all surf contests, Hawaii's Pipe Masters. After finishing number three in the world this year, it seems Rob isn't going anywhere until he gets a World Title under his belt.

Bruce Irons

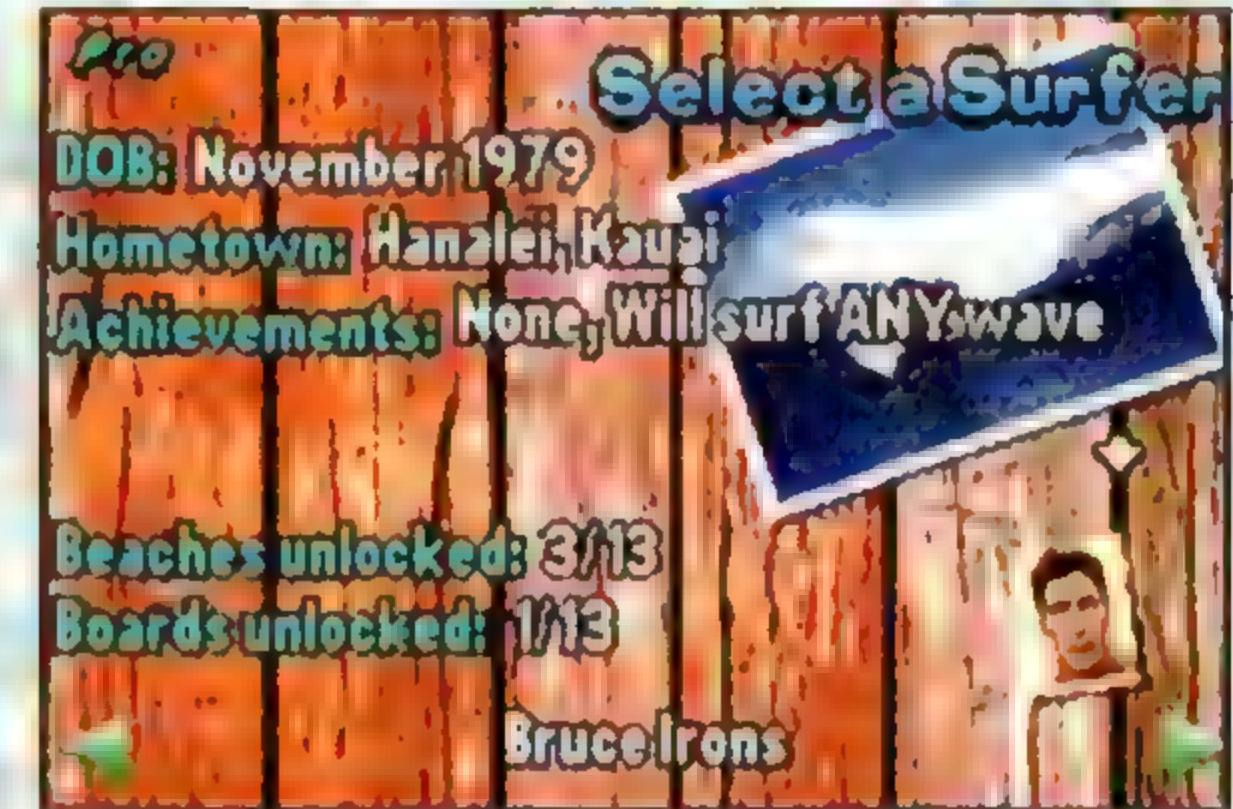

Age: 22

Hometown: Hanalei, Kauai

Years Pro: 5

Sponsors: Volcom, DC, Local Motion, Body Glove, Arnette

Bruce Irons is probably the most naturally talented surfer since Kelly Slater. The Kauai wonderkid blew everyone's minds in '99 with his incredible backside tube riding in the Pipe Masters event held in Hawaii. But even before that, he'd been a standout in photos from Indonesia boat trips with the most progressive surfers in the world. Brucey surfs with a rare mix of raw new-school talent combined with old-school rail power. He's one of the few guys who can sit in a macking pipe barrel on his backhand just as easy as launching six-feet out and landing a frontside 360 air. Bruce, like his brother Andy, has taken a much more radical, progressive approach to any wave he surfs, and kids worldwide are following his lead. Last year he had a string of contest victories in Hawaii, showing that he was capable of much more than just spectacular freesurfing. But whether or not Bruce attempts to take his act to the full-time competitive battleground is beside the point, he's already one of the best by any standard.

Nathan Fletcher

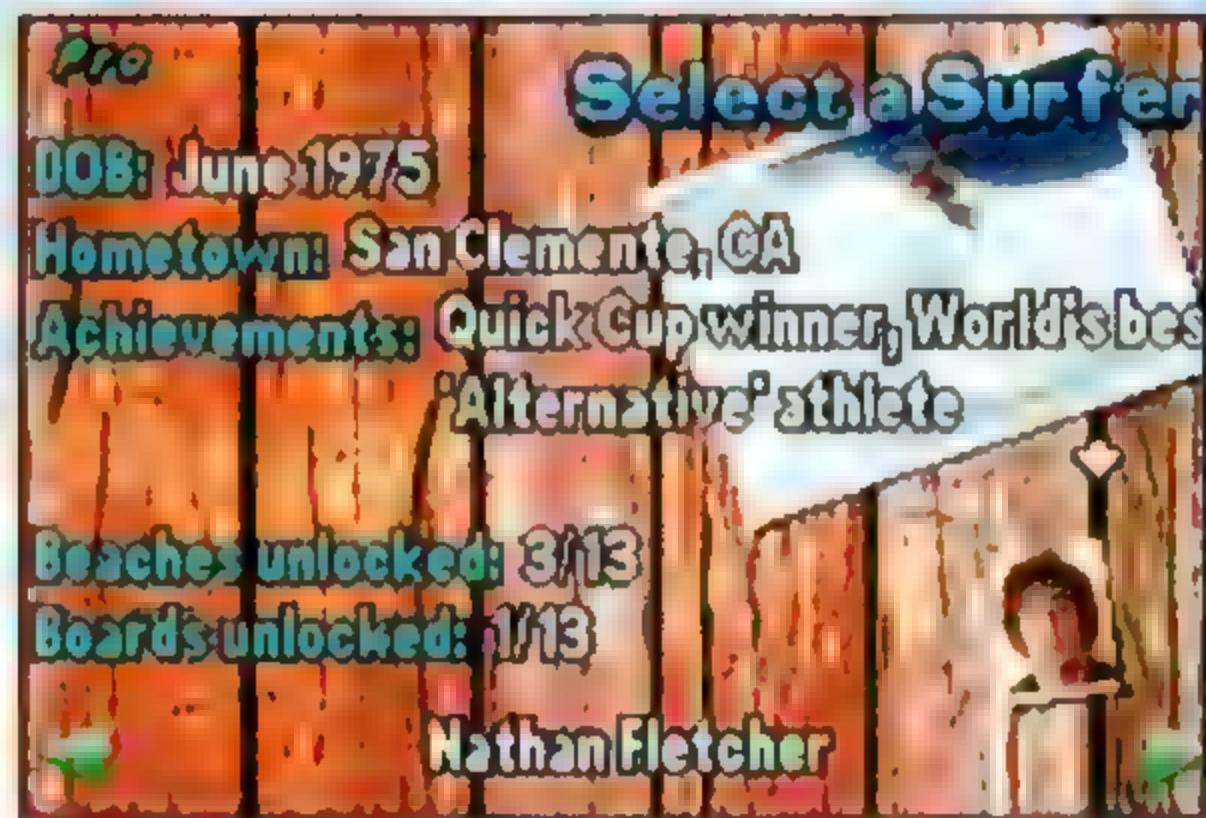

Age: 27

Hometown: San Clemente, CA

Years Pro: 8

Sponsors: Quiksilver, Vans, Cole, Oakley

When your dad's the legendary Herbie Fletcher and your brother Christian is the pioneer of aerial surfing, there's an enormous shadow to get lost in. Yet for Nathan Fletcher, it was never a problem. A well-known local San Clemente, California surfer, Nathan burst onto the big stage in 1999 when the photos from a trip he took to Tahiti surfaced in the magazines. From there, things went upward, literally. Nathan quickly showed himself to be every bit the aerialist his brother Christian was while pushing his own limits to formulate new tricks for future riders. Soon, he was sticking ollie 540s and some of the most massive backside airs ever seen. While many freesurfers don't get a lot of notoriety, the quiet, introspective goofy-foot has a punk-hero following worldwide. Recently added to the Quiksilver team, we'll be seeing a lot more of Nathan in the coming years.

Donavon Frankenreiter

Age: 29

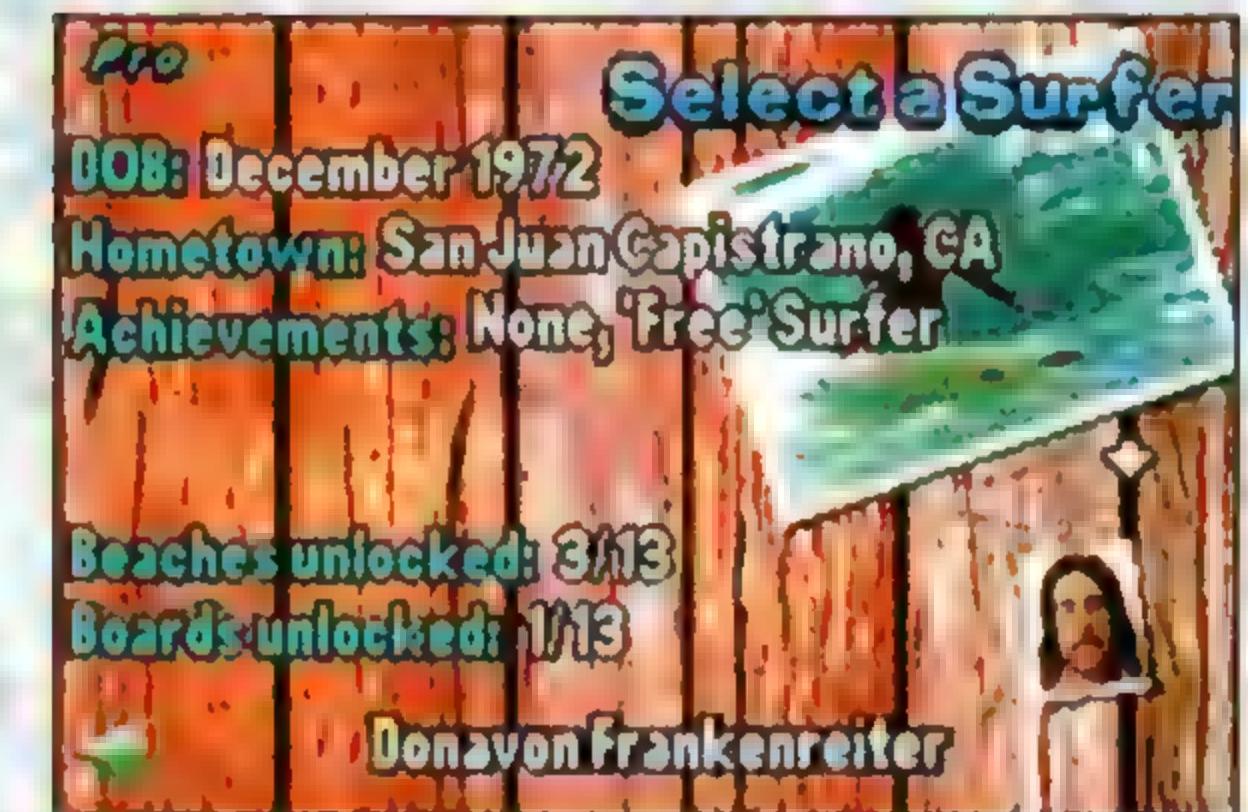

Hometown: San Juan Capistrano, CA

Years Pro: 14

Sponsors: Billabong, Sanuk

Southern Californian Donavon Frankenreiter is a surfer whose ability is not reflected in his contest results.

Why? He doesn't compete. Dono's what you call a "free surfer," a surfer who's paid to ride waves but not required to enter competitions. Instead, Dono chooses to explore old, vintage surfboards; riding everything from old '70s pintails, mid-'80s twin fins, and mid-'80s fishes all in the course of a day. Dono spawned from that hotbed of talent known as the San Clemente Mafia and immediately took his show on the road, travelling to remote corners of the globe such as Norway and Ireland. He's more a journeyman than a surfer, taking in the entire experience of travel and not just the waves. He also plays in a rock n roll band called Sunchild, which he's managed to fuse with his surfing career. The beach by day, the stage by night; Donavon is often dubbed "The Renaissance Man."

HOW TO CONNECT GAME BOY® ADVANCE GAME LINK® CABLES

What You Will Need

- Two Game Boy® Advance systems (one for each player)
- Two Kelly Slater's Pro Surfer® Game Paks (one for each player)
- One Game Boy® Advance Game Link® Cable

Connecting the Cables

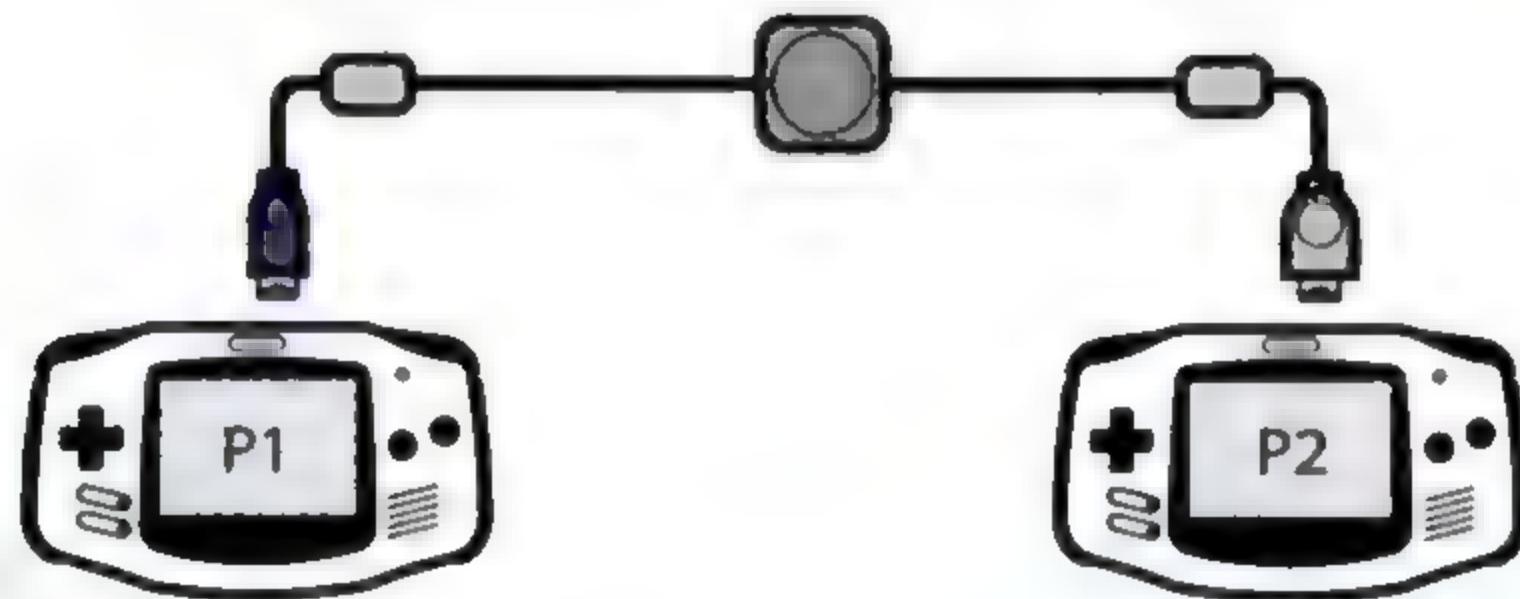

1. Check that the POWER switch on each Game Boy® Advance system is set to the OFF position. Insert a Game Pak into each Game Boy® Advance system.
2. Plug the Game Link® Cables into the External Extension Connector of the Game Boy® Advance systems.
3. Turn the POWER switch on both systems to the ON position.

4. Player 1 selects the multiplayer mode using the Control Pad.
5. Player 1 press the A Button to confirm the desired mode of gameplay.
6. Player 1 press Start to begin the multiplayer game.

Note: Please refer to the diagram for correct linking configuration.

CUSTOMER SUPPORT

Note: Please do not contact Customer Support for hints/codes/cheats; only technical issues.

Internet: <http://www.activision.com/support>

Our support section of the web has the most up-to-date information available. We update the support pages daily so please check here first for solutions.

E-Mail: support@activision.com

A response may take anywhere from 24-72 hours depending on the volume of messages we receive and the nature of your problem.

Note: Internet/e-mail support is handled in English only.

Phone: (310) 255-2050

You can call our 24-hour voice-mail system for answers to our most frequently asked questions at the above number. Contact a Customer Support representative at the same number between the hours of 9:00 am and 5:00 pm (Pacific Time), Monday through Friday, except holidays.

Please do not send any game returns directly to Activision without first contacting Customer Support. It is our policy that game returns/refunds must be dealt with by the retailer or online site where you purchased the product. Please see the Limited Warranty contained within our Software License Agreement for warranty replacements.

Software License Agreement

IMPORTANT - READ CAREFULLY: USE OF THIS PROGRAM IS SUBJECT TO THE SOFTWARE LICENSE TERMS SET FORTH BELOW. "PROGRAM" INCLUDES THE SOFTWARE INCLUDED WITH THIS AGREEMENT, THE ASSOCIATED MEDIA, ANY PRINTED MATERIALS, AND ANY ON-LINE OR ELECTRONIC DOCUMENTATION, AND ANY AND ALL COPIES AND DERIVATIVE WORKS OF SUCH SOFTWARE AND MATERIALS. BY OPENING THIS PACKAGE, AND/OR USING THE PROGRAM, YOU ACCEPT THE TERMS OF THIS LICENSE WITH ACTIVISION, INC. ("ACTIVISION").

LIMITED USE LICENSE. Activision grants you the non-exclusive, non-transferable, limited right and license to use one copy of this Program solely and exclusively for your personal use. All rights not specifically granted under this Agreement are reserved by Activision. This Program is licensed, not sold. Your license confers no title or ownership in this Program and should not be construed as a sale of any rights in this Program.

OWNERSHIP. All title, ownership rights and intellectual property rights in and to this Program and any and all copies thereof (including but not limited to any titles, computer code, themes, objects, characters, character names, stories, dialog, catch phrases, locations, concepts, artwork, animation, sounds, musical compositions, audio-visual effects, methods of operation, moral rights, and any related documentation, incorporated into this Program) are owned by Activision or its licensors. This Program is protected by the copyright laws of the United States, international copyright treaties and conventions and other laws. This Program contains certain licensed materials and Activision's licensors may protect their rights in the event of any violation of this Agreement.

YOU SHALL NOT:

- Exploit this Program or any of its parts commercially, including but not limited to use at a cyber cafe, computer gaming center or any other location-based site. Activision may offer a separate Site License Agreement to permit you to make this Program available for commercial use; see the contact information below.
- Remove, disable or circumvent any proprietary notices or labels contained on or within the Program.
- Export or re-export this Program or any copy or adaptation in violation of any applicable laws or regulations.

LIMITED WARRANTY. Activision warrants to the original consumer purchaser of this Program that the recording medium on which the Program is recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the recording medium is found defective within 90 days of original purchase, Activision agrees to replace, free of charge, any product discovered to be defective within such period upon its receipt of the Product, postage paid, with proof of the date of purchase, as long as the Program is still being manufactured by Activision. In the event that the Program is no longer available, Activision retains the right to substitute a similar program of equal or greater value. This warranty is limited to the recording medium containing the Program as originally provided by Activision and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties prescribed by statute are expressly limited to the 90-day period described above.

EXCEPT AS SET FORTH ABOVE, THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY KIND SHALL BE BINDING ON OR OBLIGATE ACTIVISION.

When returning the Program for warranty replacement please send the original product cartridge only in protective packaging and include:
(1) a photocopy of your dated sales receipt; (2) your name and return address typed or clearly printed; (3) a brief note describing the defect, the problem(s) you are encountering and the system on which you are running the Program; (4) if you are returning the Program after the 90-day warranty period, but within one year after the date of purchase, please include check or money order for \$15 U.S. currency per cartridge replacement.
Note: Certified mail recommended.

In the U.S. send to: Warranty Replacements, Activision, Inc., P.O. Box 67713, Los Angeles, California 90067

LIMITATION ON DAMAGES. IN NO EVENT WILL ACTIVISION BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE PROGRAM, INCLUDING DAMAGES TO PROPERTY, LOSS OF GOODWILL, COMPUTER FAILURE OR MALFUNCTION AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURIES, EVEN IF ACTIVISION HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ACTIVISION'S LIABILITY SHALL NOT EXCEED THE ACTUAL PRICE PAID FOR THE LICENSE TO USE THIS PROGRAM. SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND/OR EXCLUSION OR LIMITATION OF LIABILITY MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

TERMINATION. Without prejudice to any other rights of Activision, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of this Program and all of its component parts.

U.S. GOVERNMENT RESTRICTED RIGHTS. The Program and documentation have been developed entirely at private expense and are provided as "Commercial Computer Software" or "restricted computer software." Use, duplication or disclosure by the U.S. Government or a U.S. Government subcontractor is subject to the restrictions set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clauses in DFARS 252.227-7013 or as set forth in subparagraph (c)(1) and (2) of the Commercial Computer Software Restricted Rights clauses at FAR 52.227-19, as applicable. The Contractor/Manufacturer is Activision, Inc., 3100 Ocean Park Boulevard, Santa Monica, California 90405.

INJUNCTION. Because Activision would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that Activision shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as Activision may otherwise have under applicable laws.

INDEMNITY. You agree to indemnify, defend and hold Activision, its partners, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Product pursuant to the terms of this Agreement.

MISCELLANEOUS. This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected. This Agreement shall be construed under California law as such law is applied to agreements between California residents entered into and to be performed within California, except as governed by federal law and you consent to the exclusive jurisdiction of the state and federal courts in Los Angeles, California. If you have any questions concerning this license, you may contact Activision at 3100 Ocean Park Boulevard, Santa Monica, California 90405, (310) 255-2000, Attn. Business and Legal Affairs, legal@activision.com.
